

LIBERAL ARTS AND SCIENCES

Associate in Arts Degree | Transfer Degree | Department of Education and Academic Literacy

Early Childhood and Childhood Education Option

The Liberal Arts and Sciences curriculum prepares a student to be an accomplished and productive human being. A liberal arts degree opens doors to the professions and to rewarding and responsible careers. Future physicians, teachers, scientists, lawyers, and business people, for example, develop themselves as well-rounded, individuals, in addition to completing their pre-professional work. The academic experiences in liberal arts and sciences provide the foundation for later specialization, graduate study, and professional school. The Early Childhood and Childhood Education Option offers a greater degree of specialization. This degree program is for students who seek automatic transfer to a senior college in CUNY, upon graduation, to pursue a baccalaureate degree and teacher certification.

Curriculum Coordinators: Dr. S. Powers & Dr. G. Sanchez
